BEFORE TESTING

- Ensure INSIGHT software is installed on all testing devices
- Know how to launch INSIGHT on the type of device students will be using to test
- Have students view tutorial and practice using the OTT
- Read this entire document
- If using portable testing devices, such as a laptop, iPad, or Chromebook, ensure the devices are connected to a power source (preferred) or fully charged
- Check to make sure there are no test tickets or scratch paper left over from another testing session. If found, please return to the School Assessment Coordinator.
- Obtain a student test ticket for each student who will be testing.
- Count the test tickets you will be using for this test session. Make a note of this number so you know how many tickets to collect after students have signed in.

TEST DIRECTIONS

Introduction (all content areas and sessions)

DO

Make sure that each student is sitting at a separate testing device and that each device is turned on and the desktop/home screen is visible.

Make sure that no student is in possession of a cell phone, camera, or other personal electronic device. It is recommended that Test Administrators collect any electronic devices prior to distributing any test materials.

SAY

SAY: Today you will be taking the Wisconsin Forward Exam for [ELA/Mathematics]. I will now pass out headphones (if applicable)**, scratch paper, and your test ticket. Do not click anything on your computer until I tell you to do so.**

DO

Distribute test tickets LAST after you have completed the following steps. Make note of the number of test tickets you are distributing so you will know how many to collect after students have signed in.

Instruct students that they should not open anything on their computers until they are told to do so. The device desktop/home screen should be visible until you instruct students to open INSIGHT.

Distribute and ensure students have all required test materials.

Have students check to ensure their name matches what is printed on the test ticket.

SAY

SAY: Each of you now has a test ticket. Check to make certain that your name appears on the test ticket and it has the correct name of the assessment (Name of assessment)**. Raise your hand if your test ticket does not have your name or the correct assessment name on it.**

DO

Correct any ticket distribution errors. If a test ticket contains incorrect student information, please report the issue to your School Assessment Coordinator immediately.

SAY

SAY: Now we are ready to begin. Carefully follow the directions and give this test your best effort. First, launch INSIGHT on your computer [or iPad].You may see a screen that says "WIDA" and "Wisconsin." If you see this screen, select "Wisconsin." You should now see the blue Wisconsin Forward Exam screen. Is there anyone who does not see this screen?

DO
Pause to assist students if necessary. If a student receives an error message, note the content of the error message and contact the Technology Coordinator or School Assessment Coordinator. It is acceptable to move the student to another computer.

When all students are ready,

SAY

SAY: Select Test Sign In. You should then see the sign in screen appear. Is there anyone who does not see the sign in screen?

DO

Pause to assist students if necessary.

*iPAD: For students testing on iPads, **turn on Guided Access** by triple clicking the home button. After you have triple clicked the home button, check for confirmation that Guided Access has started. A square message box will appear momentarily to indicate that Guided Access has been started. You may choose to have students complete this step.*

When all students are ready,

SAY: You may now enter your Username and Password in the spaces provided on the screen. Your Username and Password are found on your test ticket. If you need assistance, please raise your hand. When you have finished entering your Username and Password, click on the <u>Sign In</u> button in the middle of the screen. *Please do not go ahead*. We will do several screens together to review sign in, navigation, and available tools. If you click ahead, you may click into the test and accidentally end the test and be unable to return.

Pause while students enter their login credentials. Assist students as necessary to enter the information. Remember: Passwords are unique to each content area, but the same for all parts within a content area. Usernames and passwords are NOT case sensitive.

When all students are ready,

SAY: When you have clicked on the <u>Sign In</u> button, a welcome screen with your name opens. Is there anyone who does not see the welcome screen with your name?

When all students are ready,

SAY: Look at the information on the welcome screen and make sure that the following facts about you are correct:
• **Your first name and last name**
• **Your test name**
• **Your test session**

Example welcome screen

*This screen is the first opportunity to turn on the color choices for **students that require this accommodation**. See the accommodation section in the Test Administration Manual for more information.*

SAY: If the information about you is correct, click on the <u>Continue</u> button. If the information is not correct, raise your hand.

Pause to assist students as necessary.

When students are ready,

SAY **SAY: After you have clicked on the Continue button, the test selection screen will open. Is there anyone who does not see the test selection screen?** *Pause to assist students as necessary.*

The following tests have been scheduled for Zachary Chamberlain

Answering Questions

Read each question carefully and choose your answer or provide your answer with the available tools.

For questions that have four answer choices, find the correct answer to the question. Then, choose the correct answer by selecting the answer bubble using the <u>Pointer</u> tool.

Only one of the answer choices provided is correct. If none of the choices matches what you think the correct answer should be, go back and reread the question.

To change an answer, use the <u>Pointer</u> tool to choose a different answer.

For questions that have answer choices that begin with answer bubbles that do not contain answer choice letters, find ALL the answers to the question. Then, choose ALL the correct answers by selecting each of the answer bubbles using the <u>Pointer</u> tool.

Each question will have one or more than one correct answer. Mark ALL correct answers with the <u>Pointer</u> tool.

DURING TESTING

SAY

SAY: Please raise your hand if you need a break and ask me prior to clicking pause.

If you notice that a student is off task, you may say the following statement to the student to keep him or her focused.

SAY

SAY: It is important that you do your best. Do you need to pause the test and take a short break?

TAs should answer questions raised by students but should never help the class or individual students with specific test items. The TA may answer technology related questions but not item related questions. If a student asks for assistance in answering an item the TA should gently instruct the student to try their best. The TA may remind the student to reread the instructions for that item.

SAY

SAY: I can't help with the test. Try to do your best.

ENDING THE TEST SESSION

SAY

SAY: We are nearing the end of this testing period. Please review any flagged items or items you did not complete. If you have not finished, you will have the chance to finish the test at another time, but you will not be able to go back to any items you worked on today.

SAY

SAY: This testing session is almost over. If you have finished, click the <u>Review/End Test button</u>, then click <u>End Test</u> until you have returned to the sign in screen. If you have not finished, click <u>Pause</u>, then <u>Exit</u>, then <u>Yes, Exit</u> and you will be able to finish at another time. I will now collect your scratch paper.
